Hi Andy,

Agree with all that you have summarised. One thing for me missing, I have allocated this task to you to manage and on completion feedback and where necessary train staff. I do think this should be mentioned in the report as key to see you are planning and managing the task.

Best regards,

John

Hi John/May,

As you know I've been working on my Final Project and have completed my progress report. As part of the report, I need a return email just to confirm you (as project sponsors) have read the attached document. The email becomes an e-sig which I'll embed into the document. Any questions let me know.

Have a good Christmas,

Andy
